Equipment

The club will provide each team with all the necessary equipment needed to provide training sessions and play matches.

Equipment list

Each team will be provided with the following:

- Training balls – one per player
- Match balls – 2 per team
- First aid kit (including ice packs)
- Cones (Small) – Large also available
- Flat cones
- Bibs
- Football pump
- Poles
- Pop-up training goals (for summer use)
- Kit bag
- Captain's armband

Replacements will be issued as needed and an inventory check is suggested in the closed season so the club can order in bulk and get the best prices.

Match day

The club will provide nets, Corner poles/flags, pegs and Velcro ties which are usually shared by teams using the same pitches. Respect banners are also provided and it is strongly suggested these are used (and set 2 metres back from the sideline).

Additional items

In order to provide parity across every team, there are few options for subsidised additional equipment. The club has the odd training ladder and large cones for use but in essence, any other equipment requests would have to be requested on an individual basis

Expenses

For small purchases such as goal pegs, referee's whistle etc please provide a receipt and the club will reimburse you. However, please do not purchase larger items of equipment without authorisation. With 25 squads in the club, subsidising equipment has to be on the basis of providing consistency to all teams.
